

## **Priscilla J. Slanetz, M.D., M.P.H.**

Dr. Slanetz is Professor of Radiology at Boston University School of Medicine. As a practicing breast radiologist at Boston University Medical Center (BUMC), she provides breast care to the most vulnerable patients in the city as part of a multidisciplinary team. Her clinical research interests lie in healthcare disparities, evaluation of imaging technologies in breast cancer detection, and artificial intelligence. Her past work contributed to the adoption of breast MRI and digital breast tomosynthesis for routine screening. Her educational interests focus on curricular development and assessment, and she has contributed to projects related to evidence-based imaging, entrustable professional activities (EPAs) related to breast imaging, professionalism, peer teaching, communication, and wellness. Dr. Slanetz recently received the Jerome Arndt grant from the Association of Program Directors in Radiology to co-develop a healthcare disparities and cultural humility curriculum and the Strategic Alignment Grant from Association of University Radiologists to co-develop a speed coaching program at the 2021 national meeting. To date, she has over 180 publications and has given over 100 regional and national presentations. She currently serves on the Editorial Executive Committee of *Academic Radiology* and is a distinguished reviewer for *Radiology*, *American Journal of Roentgenology*, *Journal of the American College of Radiology*, and *Journal of Breast Imaging*. As Vice Chair of Academic Affairs in the Department of Radiology at BUMC, she oversees faculty development and faculty promotions. In her role as Associate Program Director for the residency in diagnostic radiology, she oversees the training of 40 residents and recently co-developed the Radiology Innovators and Scholars Entrepreneur (RISE) Program, a longitudinal residency curriculum designed to train the next generation of academic radiologists and innovators. In addition to teaching medical students and residents at Boston University and Harvard Medical School, she has mentored over 80 students and trainees. Nationally, Dr. Slanetz is Chair of the American College of Radiology Appropriateness Criteria Breast Imaging Panel 2, Secretary of the Association of University Radiologists, and President-Elect of the Massachusetts Radiological Society. She is a Fellow of the American College of Radiology, Society of Breast Imaging, American Association for Women Radiologists, and Association of University Radiologists. In 2020 she received the Alliance of Clinician Educators in Radiology (ACER) Achievement Award.
