**1:15 - 5 pm**  
Location: Health Sciences Tower Level 2, Clinical Skills Center

**Be Prepared for Urgent Care**  
Stephen A. Vitkun, MD, MBA, PhD  
Linda M. Cimino, EdD, MS, CPNP, ANP, CCRC, CHSE

In this interactive full-scale simulation (using a patient simulator), working in groups, your team will be asked to evaluate, diagnose and provide initial treatment for simulated clinical situations that occur in the office or clinic and will participate in an evidence-based faculty discussion of the evaluation, diagnosis and treatment of the patients in all of the scenarios.

Upon completion of this session, you will be able to evaluate, diagnose and appropriately manage your patients with these diagnosed conditions, as recommended by the evidence-based literature and national guidelines.

**Location:** Stony Brook Medicine, 101 Nicolls Road, Stony Brook, Health Sciences Tower, Level 3, Lecture Hall 5
